1. About Amani General Insurance

Amani General Insurance (“Amani”) is a licensed short-term insurer offering personal lines home, contents, and personal property cover. Founded in Nairobi in 2011, Amani now serves policyholders across Kenya through its digital Claims Portal, contact centre, and a network of accredited assessors and repair partners.

Amani's mission is to make claims simple, transparent, and fast — policyholders can track the full journey of a claim, from lodging through to payout, in real time via the Claims Portal.

Amani General Insurance is licensed and regulated as a non-life (general) insurer by the Insurance Regulatory Authority (IRA) of Kenya under the Insurance Act (Cap. 487). Registration and regulatory details are available on request from the Compliance Department.
